Dear Mr. Warner:

Congratulations on being selected as a winner of a 2004 Davis Productivity Award! The Tree Termite Eradication Task Force has won a Notable Achievement Award for developing and implementing an eradication program to eliminate a destructive termite species that could have destroyed well over a million dollars worth of homes and land. You and your team are commended for your effort, which has successfully eliminated 90% of the infested area and prevented the termites from spreading, and created a cost savings of \$71,081 to the State of Florida. Through your hard work and dedication, you have become a standard-bearer of excellence to the Department and Florida State government.

Once again, congratulations for your award-winning service!

Sincerely,

A handwritten signature in cursive script that reads "Charles H. Bronson".
